Analysis

Nottingham City - Primary Brochure 2025

The DAISI team supports Nottingham Schools and Academies with data analysis, assessment moderation, census and funding support. We also collaborate with colleagues across education in a variety of different contexts and have seen first-hand how staff in schools go above and beyond across the city delivering for our pupils.

[Data Packages 2025-26](#) | [Assessment Moderation Service 2025](#)

Two years ago, we altered our full pricing structure making it fairer for every setting. This included lowering the main price of our data packages and making the census support work cost at a price-per-pupil. We did however cap this amount to guarantee that we are not overcharging certain schools. **Despite the pressures of the council, we have once again made the decision to keep the data analysis and assessment moderation prices unchanged for the second consecutive year.** We understand the pressures that schools are under and so do not want to add any further burden.

[Census and Funding Support Service 2024-2025](#)

This year, we have made the decision to introduce late fees on the Census and Funding support service. Since we began applying late fees to the assessment moderation services, we have been able to evidence improved focus by schools on the quality of their data. We would now like to see this focus also applied to student data included in the school census returns. By submitting your census data to our initial deadline, it helps us to help you with the quality of data that you are sending to the DfE.

[KS2 SATs](#) | [Mock SATs](#) | [One Hour SATs](#) | [Y6 Maths Baseline](#) | [ASaP](#)

This year, we are also highlighting all the bespoke analysis that we offer including each of our Question Level Analysis products in detail – all of which can be ordered outside of the data package with **a bespoke 25% discount for Nottingham City Schools.**

[Bespoke Adjustments](#) | [UPN/ULN Searches](#) | [Pupil Premium](#)

We hope this document explains and covers any questions you might have regarding the range of products and services, ordering and invoicing from the DAISI team. We are always happy to help with any enquiries over the phone or email to help you with your data or explain the Census/moderation processes.

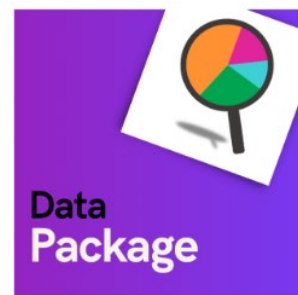

[How to Order](#) | [Full Price List](#)

We remain incredibly focused in our support of all our Nottingham schools and academies and look forward to continuing to work with you in the many years to come.

Data Packages 2025

A Full Deep Dive into your end-of-year data

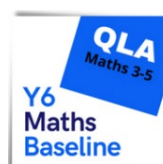

The DAISI Data Analysis Packages remain the most cost effective and comprehensive way of using our full service. Despite the rising cost of both NCER and FFT, we have kept the price the same for another year giving schools what we feel is excellent value-for-money.

Your package can include...

Key Stage Data Packs
covering attainment, absence, average point score, progress, scaled scores and more...

Year 6 Maths Baseline
Focus your teaching from the start of Year 6 with our assessment of the Y3-5 curriculum only

KS2 SATs Analysis
Forensic Insight - proven to help improve outcomes over time

Discounted FFT Licence
Pupil estimates, attendance tracker, dashboards and more

ASP Insight
Time saving analysis of your ASP Summary

Perspective Lite (NCER)
Insight, Nova, early national figures and more

Both our packages include the powerful functionality within Perspective Lite courtesy of our links with NCER. The Insight tool gives a powerful overview of your school against national figures (based on the data from all 152 local authorities). It is included alongside the interactive NOVA data reports and Watchsted for information on Ofsted Inspections. Online training will be provided to help headteachers and data leads make the most of this resource.

We bulk buy the FFT Aspire Licences for all Nottingham City Primary Schools. In doing so, we offer schools a substantial discount on the cost of an annual FFT Aspire licence. This licence allows your school/academy to access school and pupil estimates, attendance tracker, student explorer, governor data dashboards and self-evaluation reports and share data amongst identified schools plus many other features.

Package 1: DAISI Analysis + FFT + Perspective Lite = £3.99 per pupil
Package 2: DAISI Analysis + Perspective Lite (No FFT) = £2.69 per pupil

**For transparency, certainty and consistency we calculate the price based on NOR in the January census of that year. As DAISI does not give analysis about your nursery pupils – the number of pupils used does not include them and we calculate costs from Reception upwards.*

Note.. the package runs from April 2025-March 2026 or September 2025-August 2026".

More information:

Assessment Moderation

The ADMS Service provides support for schools in submitting accurate assessment data for Early Years, Phonics Y1 & Y2, and Key Stage 2 on time to the DfE.

Schools receive a report outlining the data they have submitted and a consent form to sign and return to the LA to confirm they are satisfied with their submitted data being forwarded to the DfE.

Early Years: £10 | Phonics: £10 | Key Stage 2: £150

Schools submitting data and consent forms within published deadlines pay no more than the above rates for the services. Late fees are payable for any school who does not submit their assessment data or consent forms by the published deadlines. £55 per assessment submission. £55 per consent form.

More information: <https://daisi.education/assessment/>

Census & Funding Support

The Census Data Collection and Checking Service works with and supports staff in schools responsible for the statutory census returns in the use of the DfE Sign-in website and COLLECT.

This census data relates to pupil premium, early years, school workforce and pupil characteristics. We help you to validate your school data, including but not only, through duplicate pupil resolution, FSM, SEN and Learning Aim checking - ensuring your data is submitted accurately and in a timely fashion to the DfE deadlines, all whilst helping your schools maximize their funding.

Census Collections: **OCT / JAN / MAY**

School Workforce: **NOVEMBER**

This service includes

- Census bulletins, providing guidance on the latest updates and changes to the statutory School Census process.
- An option to book onto School Training at a reduced cost – for Arbor, ScholarPack and SIMS schools only
- If required - One hour of Remote Support provided only through Teams

Primary: £2.00 per pupil (capped at £600)
PRU / Special: £510 per school

Schools submitting data within the published deadline will pay no more than the above rates for the service. Late fees are payable for any school who does not submit their data by the initial submission deadline. Fees will be charged at £55 per submission. This will be applicable from September 2025.

KS2 SATs Results

Included in DAISI Data Packages

- No data inputting for schools!
- See areas that are secure & gaps to focus on.
- Full Insight by Topic, Cohort and more
- Individual Pupil Profiles for every Pupil
- Forensic analysis to focus teaching and inform curriculum planning for the future.

Three powerful Subject reports for Maths, Reading and GPS plus full Summary Report and Individual Pupil Profiles.

Each Subject report shows:

overall test performance

outcomes by groups including gender, disadvantaged, SEN, EAL and prior attainment and more...

Benefits for you

Evidence based discussion for implications for the next academic year and what intervention strategies are needed.

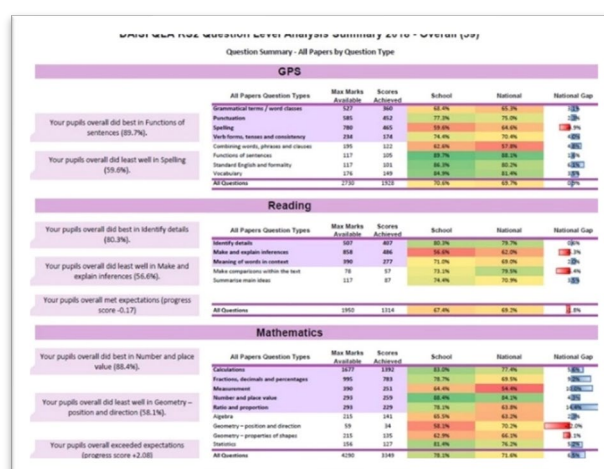

Reports ready to share with Assessment Leads.

Senior Leaders, Subject Leaders, School Improvement Partners, Governors and Ofsted.

Single page views with clear graphs and charts, simple tables, colour coding and benchmarking that immediately show areas that are secure and the gaps to focus on.

Each question cross-referenced; domain references/mark scheme/test framework, showing which subject area each question is assessing.

Share reports with other schools; identify common trends/needs, commission CPD support and identify successful curricula interventions.

"Fantastic and so simple to use. In addition, it would have taken us an inordinate length of time to produce anything quite like it... Thank you! Outstanding Best Value!!!"

Broadway Junior School, Sunderland

This is included in the DAISI Data Packages
Nottingham Schools Price (if ordered separately): £190

More information:

<https://daisi.education/qla-results/>

Mock SATs Past Papers

Every Question, Topic, Cohort and Pupil

- Every Question analysed in detail.
- Full Topic Breakdown across all papers.
- Single Page views with clear graphs and charts
- Individual Pupil Profiles for every pupil
- Give your teachers the tools to work with every individual pupil in the build up to KS2 SATs.

Available with 2016, 2017, 2018, 2019 and 2022, 2023, 2024 SATs papers.
Order a full Set or for Individual Subjects

Targeted Topic Focus

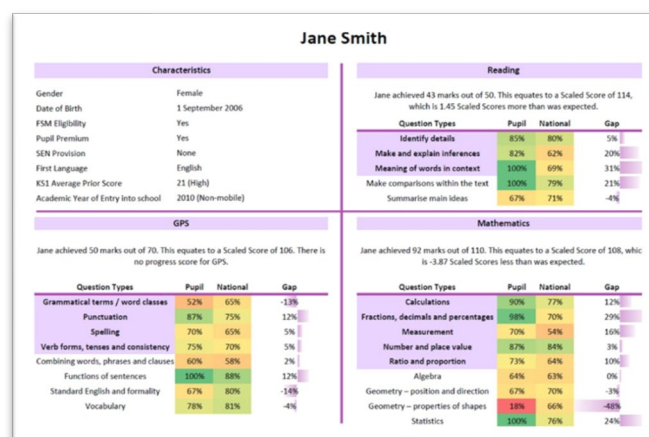

We divide up the questions into bespoke Topics – allowing teachers to create their bespoke lesson plans to address the learning gaps and create a bespoke curriculum around the needs of their pupils. Detailed insight allows you to target areas and make marginal gains.

Detailed Cohort Insight

We break your results down into all your many cohorts – gender, disadvantaged, SEN, EAL, prior attainment and more - to enable you to work with them on the areas in need.

Individual Pupil Performance

Our Pupil on a Page profile enables the class teacher to focus in on the areas of need for each individual child. See the questions and topics that need extra focus. This analysis is perfect for tutors and individual teaching assistants alike for personalised interventions.

“Enormous thanks for the QLAs. I’m really pleased with them. My Y6 teachers can now focus their teaching on specific areas during the spring and early summer to give the children the best possible chance of achieving their potential in the SATs.”

Grangehurst Primary School, Coventry

Nottingham Schools Price (if ordered separately): £149

One Hour Maths SATs

Why do three papers when one will do?

- One Hour long Assessment in Mathematics
- All questions taken from previous SATs papers.
- Chosen to provide full KS2 curriculum coverage.
- Same topic ratio as the full SATs papers.
- Forensic Analysis for Teachers for use in the build up to the KS2 SATs.

Our OneHourSATs gives schools the choice to run shorter SATs based tests whilst still providing that essential detailed and forensic analysis.

Our OneHourSATs papers look at the whole KS2 Maths Curriculum. All the questions have been taken from SATs past papers – each carefully chosen to guarantee every topic is assessed and a variety of question types are attempted. They therefore can provide the same forensic analysis as if looking at all three Mathematics papers.

Currently Two Assessments available – 2017 or 2019 past papers.

As part of the package, we also provide a Full and Forensic Analysis of the Results including by topic, question type, all your many cohorts plus our individual pupil profiles specially designed to aid interventions.

What do we need you to do?

Each assessment is delivered as a PDF and arrives ready made for photocopying and use in the classroom saving you valuable time. It comes with its own mark scheme giving a clear indication of where each question has been taken from in the original paper. Teachers will need to mark each paper and input the results in our spreadsheet for our forensic analysis. You would need to enter names, UPNS and the individual marks into our spreadsheet.

Time-Saving Assessment Paper and Mark Scheme

- Shorter Assessment – arrives pre-prepared saving teacher time.
- Full Mark Scheme linked to original topics and questions.
- Each question cross-referenced showing what each question is assessing.

Detailed Forensic Analysis of the Results

- Forensic Topic Insight across all categories
- Cohort Analysis to enable you to see specific groups.
- Detailed Insight allowing you to identify key gaps and prioritise interventions.

Nottingham Schools Price (if ordered separately): £74

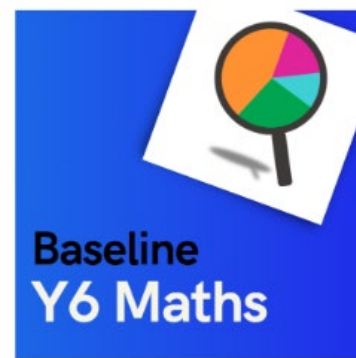

More information:

<https://daisi.education/onehoursats/>

Year 6 Maths Baseline

Focus your Teaching from the start of Year 6

- One Hour long Assessment
- All questions taken from previous SATs papers.
- Chosen to focus only on Y3, Y4 and Y5 curriculum.
- No material due to be covered in Year 6
- Same topic ratio as the full SATs papers.
- Forensic Analysis for Teachers for use throughout Year 6 in the build up to the KS2 SATs.

Our Mathematics Baseline is designed for you to use at the start of Year 6 to help identify key gaps and prioritise actions for the future.

Our Mathematics Baseline Assessment is designed for you to use at the end of Year 5 or start of Year 6 to help identify key gaps and prioritise actions for the future. All questions have been taken from the three Mathematics SATs papers – focusing only on the Year 3, Year 4 and Year 5 curriculum. No material due to be covered in Year 6 is included...

Our Individual Pupil Profiles give you a personalised overview

Our detailed analysis gives a clear overview of how the cohort performed down to the performance in every question. This includes our pupil profiles which give a visual starting point for all intervention and teaching required throughout year 6.

What do we need you to do?

Each assessment is delivered as a PDF and arrives ready made for photocopying and use in the classroom saving you valuable time. It comes with its own mark scheme giving a clear indication of where each question has been taken from in the original paper. Teachers will need to mark each paper and input the results in our spreadsheet for our forensic analysis. You would need to enter names, UPNS and the individual marks into our spreadsheet.

Bespoke Assessment Paper to guide interventions

- One hour Assessment – easy to use in one lesson
- Carefully designed to cover only the Year 3-5 Curriculum
- Full Mark Scheme linked to original topics and questions.

Full and Forensic Analysis of the Results

- Detailed Insight by Topic, Question and Cohort to enable you to see specific groups.
- Single Page Views allowing you to identify key gaps and prioritise interventions.
- Pupil on a Page Profiles to guide teaching through Year 6

This is included in the DAISI Data Packages
Nottingham Schools Price (if ordered separately): £74

More information:

<https://daisi.education/maths6/>

Analyse School Performance

We look for the answers to save you time

- No data inputting required
- Clear performance statements for your SEF
- Detailed Analysis into all your many Cohort Groups (not included in ASP)
- First created with the unvalidated data and fully updated for free with the validated data later in the year.

Time Saving Forensic Analysis of Analyse School Performance
Designed and created to help you save time and use your data well.

The DfE's Analyse School Performance (ASP) service is used to judge your school and so it is important that headteachers are fully aware of what it says as this could drive the data conversations at a later date.

You can easily:

- Incorporate key messages into the data section of your SEF or school development plan
- Work with key staff to ensure evidence-based decisions are taking place around curriculum planning
- Use to present your data in a simple way to Governors and school improvement partners to help them support you better.

The data download from ASP takes no more than 5-10 minutes and full instructions are provided. Once created, we will send your bespoke analysis back to you by encrypted email.

“Analysis with both staff and governors is so much more effective with the DAISI ASaP reports. The visual presentation makes it accessible to all. Staff quickly assimilate the information they need to support their subject & school development plans - whilst governors have the overview & detail they require to enable them to ask relevant and searching questions with confidence and understanding.”

Head Teacher, Athelstan Community Primary School

This is included in the DAISI Data Packages
Nottingham Schools Price (if ordered separately): £125

More information:

<https://daisi.education/asap-for-primary-schools/>

Bespoke Adjustments

This bespoke service allows schools the option of adjusting their data displayed in the reports. This might include removing identified pupils from the data set or adjusting attainment results because of remarking.

Price: £110 per adjusted report

More information: <https://daisi.education/nottingham-bespoke/>

UPN/ULN Searches

DAISI can save schools time and money by providing missing pupil UPN/ULN information for quick and easy completion of essential pupil records.

Purchased in packs of 10: £20 for 10 searches

More Information: <https://daisi.education/nottingham-pupilsearches/>

Pupil Premium Searches

DAISI can provide you with information regarding pupil premium eligibility for new pupils to your school. We will initially search for previous eligibility status (£2 a search). If required, we are also able to contact the previous school to attempt to acquire the evidence of eligibility (at an additional £3 per pupil).

Purchased in packs of 10: £20 for 10 searches
If further detail required – extra £3 per pupil

More Information: <https://daisi.education/nottingham-pupilsearches/>

DAISI Analysis Reports outside of Package

This bespoke service allows schools the option of purchasing one of our other reports outside of the DAISI Data Package. This includes...

- An IDACI statement looking at your school.
- Primary Scorecards (simple five-page summary)
- Narrative Reports – produced in Word Format

Price: £110 per report

Email mark.attwood@nottinghamcity.gov.uk

How to Order

All our Nottingham School Orders are ordered through Education Services Nottingham (ESN). Every year an order form is sent out asking for any changes from the previous year's order. Simply indicate what you would like to order and return it back to them.

Ordering in time ensures timely delivery of products and continuity of service.

DAISI uses the Nottingham City Council's financial model. Our financial year starts on the 1st April and ends on the 31st March. All orders are therefore processed and explained using the model below.

	APR	MAY	JUN	JUL	AUG	SEP	OCT	NOV	DEC	JAN	FEB	MAR
Maintained										Order via ESN		
Academies												
			Order via ESN									
Invoicing (ESN)												
DAISI	New Financial Year	CENSUS	Assessment Data Moderation Service (ADMS)	KS2 Heads Up, Y6 SATs Question Level Analysis Y7 Transition Pack	EYFS, Phonics, KS1 Reports, FFT licence starts (01/08)	Acad New Financial Year, KS2 Reports, SPP, Scorecards, Narrative reports,	CENSUS, GCSE QLA, Primary Unvalidated ASaP	SCHOOL WORKFORCE CENSUS		CENSUS, Year 6 Mock SATs QLA,	Primary Validated ASaP GCSE Mock QLA	Year 6 Mocks QLA

Invoicing

Education Services Nottingham (ESN) manages all invoicing of Nottingham maintained schools and academies on behalf of DAISI.

Invoices are sent from the end of September – midway through our financial cycle. Invoicing and payments are made between September – March, therefore falling neatly within the overlapping fiscal models.

If you have any questions on how to order DAISI services and products

Please contact eduserve@nottinghamcity.gov.uk
